Introduction

In accordance with Kentucky Revised Statute (KRS) 620.029(2)(b), the Cabinet for Health and Family Services (cabinet/CHFS) submits an annual report outlining the cabinet's response for child victims of human trafficking. This report details the cabinet's efforts to implement the requirements of the Human Trafficking Victims' Rights Act of 2013 (Act), which includes ensuring the safety of child victims, collaboration with multiple agencies during investigations, and the continuation of efforts to increase staff skill level to better serve victims. The report provides data regarding the number of reports received involving an alleged child victim of human trafficking, assessment findings, services provided, and the frequency services were made available to child victims, data from the Department of Kentucky State Police and Administrative Office of the Courts regarding criminal charges and convictions concerning human trafficking of children in Kentucky, and recommendations for improving data collecting.

KRS 620.029 includes arrests compiled by the Department of Kentucky State Police concerning child victims of human trafficking, criminal charges and convictions delineated by county or district as compiled by the Administrative Office of the Court in this annual report. This reporting year marks the first inclusion of additional data provided through expanded interagency collaboration.

Section I: DCBS Human Trafficking Program Overview

The Department for Community Based Services (department/DCBS) works closely with community partners including law enforcement, service providers, and other professionals to build a stronger community-based response to human trafficking cases. The department's staff participate in the Human Trafficking Task Force and coalition meetings across the state, including the Kentucky Statewide Human Trafficking Task Force, Northern Kentucky Violence Prevention Task Force, and the Lexington Human Trafficking Coalition. Department staff also participate in subcommittees related to victim services. The department investigates all allegations of human trafficking regarding individuals under the age of 18, regardless of the alleged perpetrator's status as a caretaker or non-caretaker, per KRS 620.030(3).

Section II: Kentucky Human Trafficking Child Victim Investigations

Historical Data

Historically, the reporting period aligned with the federal fiscal year, spanning October 1 through September 30. Beginning with this report, the period was revised to follow the state fiscal year (SFY), July 1 through June 30. This adjustment was implemented to address timing constraints that previously limited the inclusion of certain data between the close of the reporting cycle and the report submission deadline.

Between SFY 2014 and 2025, there have been 3,080 reports of alleged human trafficking, involving 3,756 unique alleged child victims made to the agency.

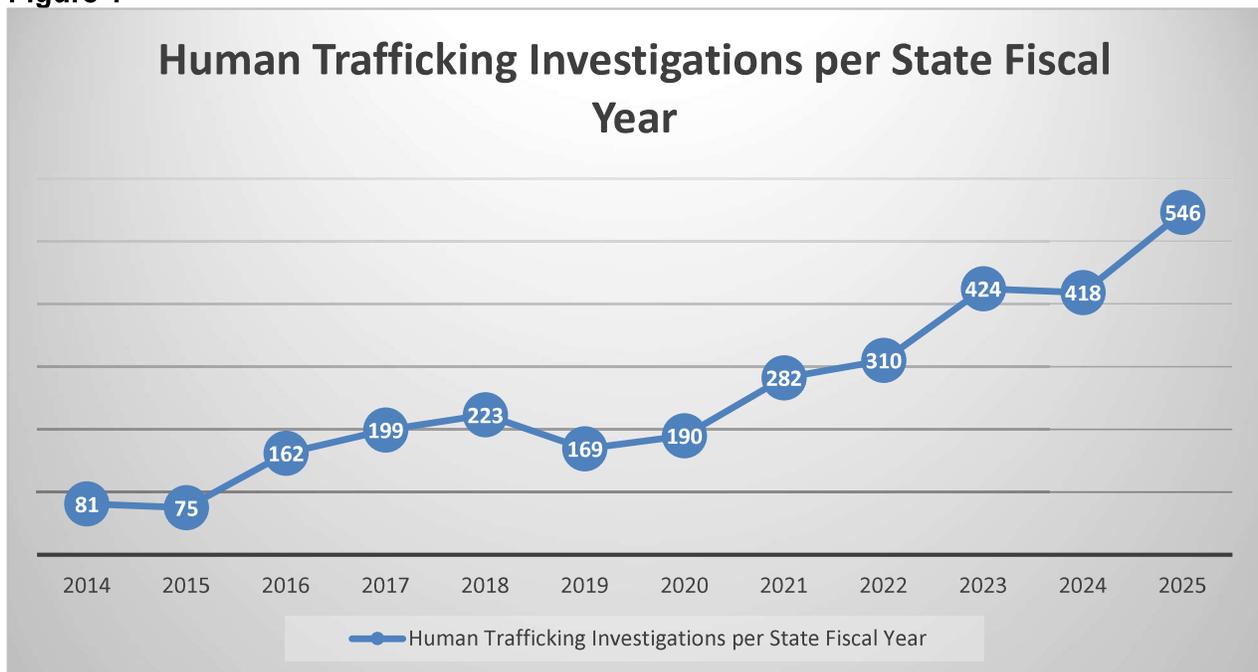

Since his time as Attorney General, Governor Andy Beshear has made fighting human trafficking and increasing awareness a core mission. He has worked with community partners and organizations to increase awareness of human trafficking and signs of human trafficking to help law enforcement officers and citizens be vigilant about noticing and reporting it. As Attorney General, Governor Beshear's Department of Criminal Investigations partnered with the Polaris Project and the Kentucky State Police to streamline responses to reports, including reports to the National Human Trafficking Hotline (1-888-373-7888). Then Attorney General Beshear also attributed accomplishments in fighting human trafficking to federal grants like the three-year \$1.5

million U.S. Department of Justice, Bureau of Justice Assistance and the Office for Victims of Crime grant his office received in partnership with the Catholic Charities of Louisville in 2016. That grant assisted agencies and the Kentucky Human Trafficking Task Force in researching and collecting data, educating local law enforcement, and increasing direct victim services. His Attorney General's office also teamed with the Transit Authority of River City (TARC) to train hundreds of TARC managers, dispatchers, and bus drivers on identifying and reporting human trafficking, and his Office of Victim's Advocacy trained thousands of people in victim advocacy services. Governor Beshear also formed a partnership with the Truckers Against Trafficking Coalition in 2016 to offer training for drivers and truck stop employees to recognize and report human trafficking. His office did the same with the hotel industry to train employees and pulled together other groups like the Kentucky Baptist Convention to help in the fight.

Governor Beshear and the Kentucky State Police annually recognize January as Human Trafficking Prevention Month, and First Lady Brittainy Beshear serves on the National Coalition of Human Sex Trafficking and continually urges Kentuckians to watch for signs of human trafficking. In 2021, Governor Beshear announced the Commonwealth received a \$1 million U.S. Department of Justice grant to help the Department for Community Based Services engage with agencies that serve children to develop and implement a council on human trafficking prevention and awareness, launch a human trafficking and child labor screening tool to identify high-risk children, and hire a full-time child protection specialist. In September 2021, the Kentucky State Police were part of a multistate human trafficking sting called Operation United Front that rescued 21 victims and led to the arrest of 41 people. The Kentucky State Police organized and led Kentucky's effort in Bowling Green, Elizabethtown, McCracken County and northern Kentucky. All these efforts have made Kentuckians more aware of human trafficking to report alleged trafficking when they think they see signs of it.

Figure 1 is a visual representation of reports received by the department from 2013 through 2025. Please note that variation in data reporting is expected due to investigative timeframes for completion of investigative assessment, and the subsequent determination of findings.

Figure 1

State Fiscal Year 2025

As illustrated in Figure 1, DCBS received 546 reports of alleged human trafficking in state fiscal year (SFY) 2025. These reports involved 680 alleged child victims, including both sex and labor trafficking.

Of the 546 reports received, 512 reports involved sex trafficking, 25 reports involved labor trafficking, and 9 reports contained both labor and sex trafficking allegations. The increase in reporting has a positive correlation with the numerous statewide awareness and training campaigns that receive support from the Governor, the Cabinet for Health and Family Services, the Justice and Public Safety Cabinet, and countless law enforcement and advocacy partners.

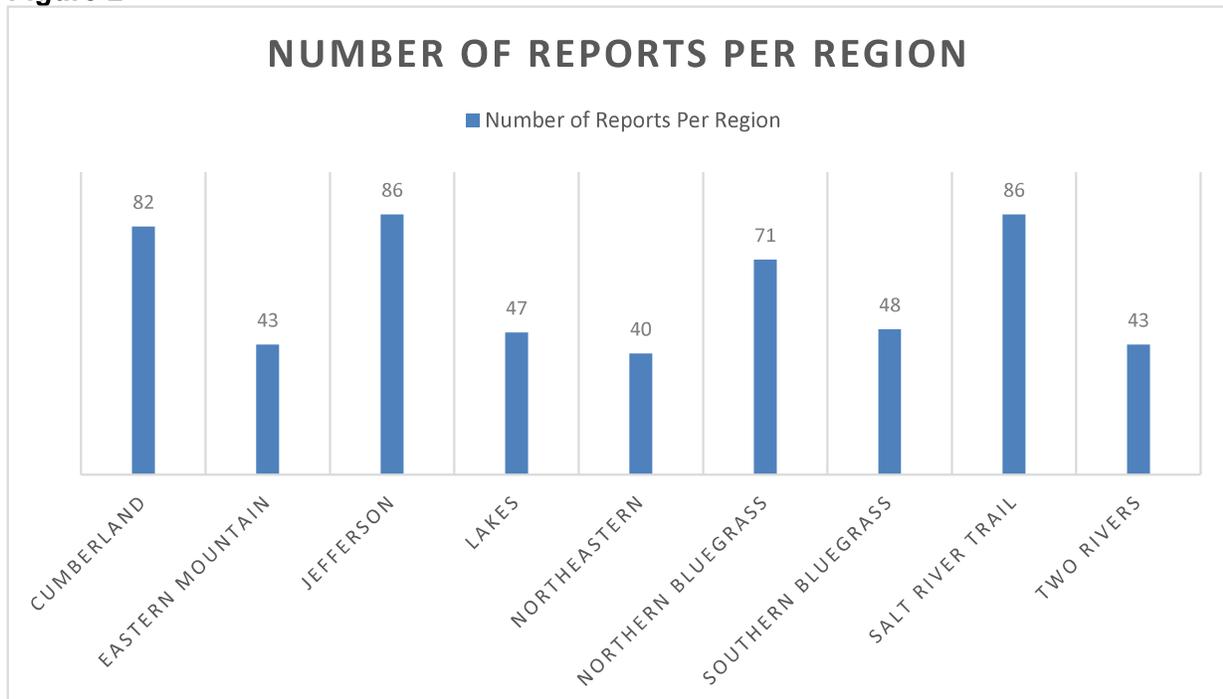

Some of these allegations included:

- Familial sex trafficking involving drugs, money, or something else of value.
- Children forced to participate in “survival sex” activities to acquire basic needs such as shelter, food, etc.
- Children being solicited for Child Sexual Abuse Material (CSAM) through online platforms and social media.
- Children being forced to work while their pay is withheld.
- Children being defrauded regarding work and other activities.

Geographic Area

During the SFY 2025, the Salt River Trail and Jefferson Service Regions received 86 reports each, the two highest reporting numbers across the state. The Cumberland Service Region had the third highest number of reports at 82. The data shown in Figure 2 details the number of reports received across all nine of the DCBS service regions and indicates that human trafficking is an issue impacting urban, suburban, and rural communities in Kentucky. Every region except Eastern Mountain Service Region saw an increase in the number of human trafficking reports received during this reporting year.

Figure 2

Victim Demographics

For SFY 2025, of the alleged victims, 519 were female, 136 were male, and 8 identified as transgender/non-binary. There are eight reports concerning 17 alleged victims, where the gender is unknown. In these eight reports, seven have been completed and the “unknown child” was never found. There is one report still pending concerning two children who were unidentified at the time the report was made.

While most reports involved American-born alleged victims, the department also received several reports regarding children who were foreign-born. As shown in Figure 5, DCBS received reports involving 631 American-born children, 29 reports involving foreign-born children, and 20 children where their country of origin is unknown. According to the American Immigration Council website, there are approximately 18,100 immigrant children residing in Kentucky, which is 1.77% of the total child population in Kentucky, 1,020,754 children according to the United States Census Bureau. The 29 foreign-born children who were reported to the department for allegations of being trafficked make up 0.16% of the total child immigrant population of Kentucky. While American-born children who were reported to the department for allegations of being trafficked make up 0.0618% of the total population of Kentucky.

During SFY 2025, the alleged victims’ ages ranged from under one year to 18. There are 22 alleged victims where the age is unknown, as these allegations contained unknown children with unknown ages.

Figures 3, 4, and 5 provide data by the alleged victims gender, race/ethnicity, and country of origin.

Figure 3

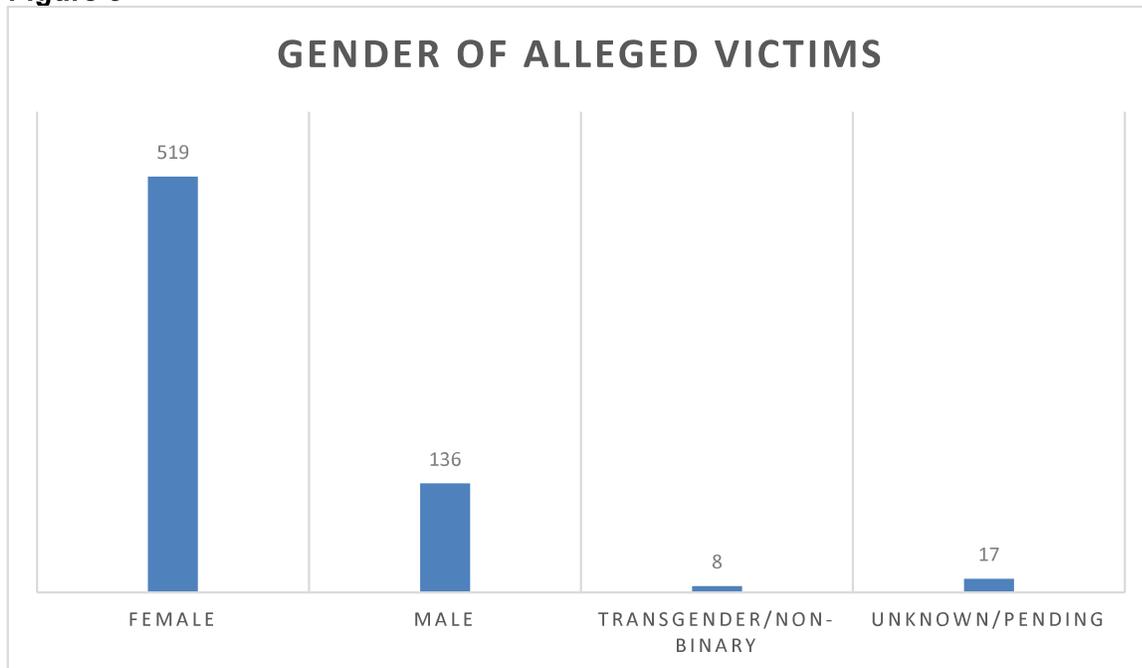

Figure 4

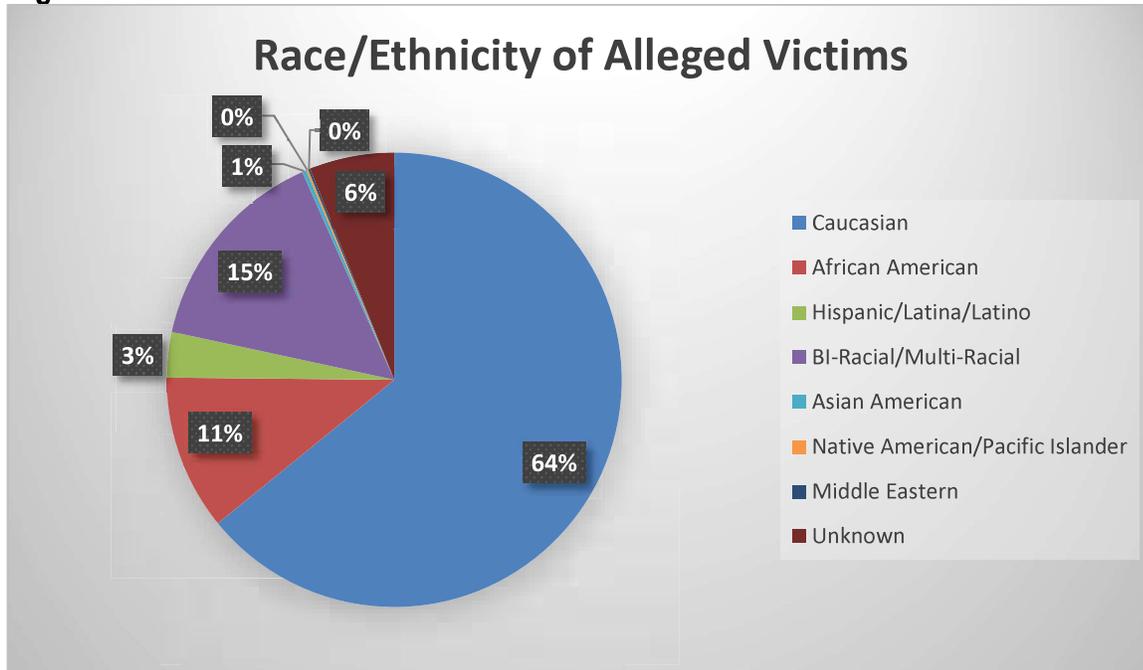

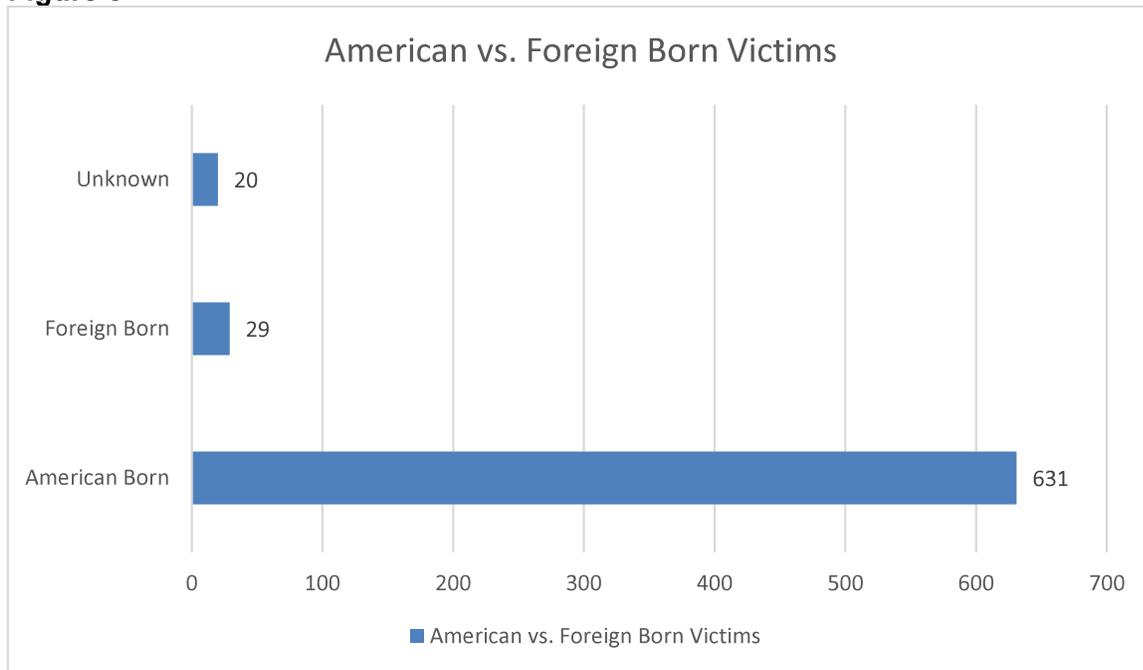

Figure 5

Victim Placement

Of the 546 reports received regarding 680 alleged victims, 392 alleged victims were in their home when the allegations of trafficking were reported, 94 alleged victims were in relative/fictive kin placements, 25 were in DCBS foster care, 41 were in private child-caring (PCC) foster care placement, 31 in private child-placing (PCP) placement, 38 in detention, and 20 were in the hospital. Two alleged victims were reported to be homeless/unaccompanied minors, 11 alleged victims were listed as missing or absent from their placement, and 26

alleged victims' placement was listed as "unknown". It should be noted that while the disclosure or report was made while the child was placed in this setting, the maltreatment may have occurred in another setting.

Throughout SFY 2025, 54 alleged victims were removed from their home during the investigation, with 30 of these youth removed due to safety concerns directly related to allegations of human trafficking. Placement settings for the children who were removed consist of being placed with the other parent, relative or fictive kin caregivers, DCBS foster care, PCP foster care, and PCC facilities.

Assessment Findings

The department has worked jointly with numerous law enforcement agencies, including local police departments, local sheriff offices, state police, the Federal Bureau of Investigation (FBI) and Homeland Security Investigations (HSI) utilizing a multidisciplinary approach to ensure the safety of the alleged victims, integrity of the joint investigations, and provision of the most appropriate services to the children and their families/caregivers.

At the time this report was written, 391 children received services during the investigation. These services include but are not limited to services at the local child advocacy center, mental health/therapeutic services, services through active ongoing cases; family therapy, substance use treatment, placement in out of home care for safety or treatment reasons, and immigration services. There are still pending investigations being worked where information is unknown. The provision of services related to trafficking is not contingent on substantiated findings. Specialists in the Division of Protection and Permanency (DPP) from the Child Protection Branch, Clinical Services, and Out-of-Home Care branches provide consultation and guidance on a case-by-case basis. They work to ensure that every child and family is connected with appropriate services and supports to meet their unique needs.

A caretaker was alleged to be the perpetrator of human trafficking in 244 cases. Examples of caretakers include a parent, non-relative caretaker, babysitters/care providers, parent paramours, etc. For allegations with caretaker perpetrators, the department can make a finding of substantiated, unsubstantiated, services needed, no findings, or unable to locate.

A non-caretaker was alleged to be the perpetrator of human trafficking in 302 cases. Examples of non-caretaker perpetrators include parent paramours, other children/peers, non-relatives, child's significant other, family member's substance dealer, family friends, traffickers, and buyers. For allegations with non-caretaker perpetrators, the department can make a finding of confirmed, not confirmed, no finding, or unable to locate.

Familial trafficking is when someone related to the child is involved in facilitating the trafficking, such as a parent, grandparent, siblings, grandparents, etc. In some cases, the family member fell into the caretaker category, such as a parent, and in other cases the family member fell into the non-caretaker category, such as a sibling or extended family member who did not have care, custody, or control over the child. A family member was the alleged perpetrator in 202 cases.

Table 1 shows the findings at the time of this report.

Administrative Office of the Courts Data

KRS 620.029 requires DCBS to include data from the Administrative Office of the Courts regarding criminal charges and convictions delineated by county or district, where children were the victims of human trafficking in the annual report. See attached *Appendix A – Data from Administrative Office of the Courts*.

Kentucky State Police Data

KRS 620.029 requires DCBS to include data from the Department of Kentucky State Police regarding the number of arrests where children were the victims of human trafficking in this annual report. See attached *Appendix B – Data from Kentucky State Police*.

Recommendations on Data Sharing and Collection

DCBS recommends the Statewide Human Trafficking Task Force utilize the multidiscipline team (MDT) approach on allegations concerning sex and labor trafficking to improve data collection and sharing. Currently, KRS 620.040 only dictates reports regarding allegations of sexual abuse or sex trafficking be reviewed by the local multidisciplinary team. While some teams review both sex and labor trafficking reports, it is not statutorily mandated and may be inconsistent throughout the state.

Section III: Conclusions and Program Enhancement

The department continues to use a multidisciplinary approach to address allegations of human trafficking, collaborating with community partners ranging from law enforcement, mental health professionals, medical treatment providers, and others to ensure that alleged victims receive the most appropriate services and supports. Specialists in the DCBS Child Protection Branch consult with field personnel as needed to provide guidance and technical assistance during the assessment process.

The department anticipates an increase in identification of human trafficking victims, which corresponds with an increase in screening, training, and collaborative efforts. Increasing awareness of child trafficking across the state promotes collaborative, multidisciplinary efforts to ensure the provision of appropriate, trauma informed services to victims and their families. Increased identification of human trafficking and assessment of alleged victims’ and their families’ needs will support the development of a robust service array to meet the needs of these survivors in their home communities.

Statistics Request Overall Description

On August 19, 2025 Research and Statistics received a request for an aggregate report of human trafficking (victim under 18) charges in cases filed Fiscal Years (FY) 2021-2025 and human trafficking (victim under 18) charges disposed FY 21-25 statewide by county.

The CourtNet database, which provides a summary of cases statewide, was queried for human trafficking (victim under 18) charges in cases filed July 1, 2020 through June 30, 2025 statewide by county. CourtNet was queried a second time for human trafficking (victim under 18) charges disposed between July 1, 2020 through June 30, 2025 statewide by county. A list of the UOR codes queried for this report are provided in a separate charge list.

Statistical Reports 21_RSX4000 and 21_RSX4002

21_RSX4000 Charge List provides a list of charges requested and queried for the following reports by KRS, UOR code, Offense Description, and Charge Level and Class. Note that this list does not include any inchoate variants (attempt, solicitation, etc.), but those variants were included in the report.

Page 24: District Summary by UOR and Charge Disposition Type.

Page 25: Statewide Summary of charges disposed in both Circuit and District by disposition type.

Statistical Analysis Considerations:

- These statistics represent a snapshot in time as of the date the data was queried: 9/17/2025.
- A case may consist of one or multiple charges. The report's count of cases represents a distinct count of case numbers, regardless of the number of charges associated with the case.
- Counts of cases do not necessarily represent counts of unique individuals. An individual may have multiple cases.
- Charges consist of all original and amended charges within a case.
- Charges involving felonies may begin at the District Court level and are presented to the grand jury. If the felony charge is indicted, a disposition of indictment is recorded in District Court. Subsequent proceedings related to that felony charge may proceed to Circuit Court where the final disposition of the felony charge is recorded. As such, the same charge within a case may be recorded in both the District and Circuit jurisdictions in the Charge Disposition report.

The KYCourts/CourtNet database is not a real-time system. All datasets are a snapshot of case data at the time a query is run. Case counts are not counts of individuals as some persons may have multiple cases.

RESEARCH AND STATISTICS UOR CODE DISCLAIMER

The Kentucky State Police (KSP) assigns the Kentucky Uniform Crime Reporting Codes (UOR Codes) to criminal offenses in the Commonwealth of Kentucky. The KSP official list of UOR Codes by KRS number and descriptor can be obtained at the KSP's website at www.kentuckystatepolice.org.

SPECIFIED HUMAN TRAFFICKING CHARGES IN CASES FILED FY 21-25 AND CHARGES DISPOSED FY 21-25 STATEWIDE

The AOC assigns and maintains codes that are used within the Court of Justice Case Management System for statistical and reporting purposes. These codes are used to identify local and city ordinances, as well as codes for general administrative purposes. The AOC official list of UOR Codes with KRS number and descriptor can be obtained at the Court of Justice Website at [Analytics - Kentucky Court of Justice](#). The AOC UOR Code Listing is for informational purposes only and the information is subject to change, reprogramming, modifications of format, and availability at the direction of the Administrative Office of the Courts (AOC).

A query for data based on specified charges will include each UOR code specified and possible supplemental codes. Supplemental codes (or "ASCF" codes) to any UOR code include: 1) attempt, 2) solicitation, 3) conspiracy, 4) facilitation, 5) complicity, and 6) enhancement. In total, UOR codes contain seven digits. The first six digits are specific to that charge. The seventh digit indicates if there is a supplemental code. A "0" as the seventh digit means that is the primary UOR code and it does not have a supplemental code. If there are supplemental codes, the "0" will change to a 1, 2, 3, 4, 5, or 6 (the numbering corresponds to the list above). An enhancement does not exist on all UOR codes. When a supplemental code does not appear within a dataset, charge(s) did not occur during this period. The presence of "*obs" within the description of a UOR code indicates an obsolete UOR code. However, the code is still present within the KYCourts/CourtNet database and may still be utilized. Not every UOR code included in the query will have charges associated with it in each calendar year examined. Some cases may contain multiple charges; therefore, charge counts may exceed case counts. The number of cases cannot be inferred as the number of individuals as multiple cases may have the same defendant.

The AOC disclaims and makes no warranty, express or implied, nor assumes any legal liability or responsibility, for the validity, accuracy, correctness, or completeness of any information that is available and/or obtained through this listing. The recipient is solely responsible for verifying the accuracy of the information received from the official owner of the UOR Codes, the KSP. Furthermore, the AOC shall not be liable to the recipient, the recipient's heirs and assigns, next of kin or to any third party, for any and all claims, demands, losses or damages arising from the usage of this list and/or information contained therein.
