

KY Housing Advocates, Inc.

Helping Young Adults Find Housing

Who We Help

Young Adults, generally 18 -24 years old, most with young children

What We Do

KY Housing Advocates was formed to help young adults, in most cases with children in search of housing and other housing related matters. We offer assistance with housing searches, lease negotiations and work with landlords and property managers to assist and facilitate successful results for young adults and their children. We provide moving assistance and arrange for household content storage when needed. We also try to identify human trafficking and will soon offer bus passes to those needing transportation. Our group of advocates is experienced and very well connected with the nonprofit service providers in the greater Louisville area. We primarily serve young people and their children who are homeless, about to be homeless or are experiencing housing instability. There is never a charge for our services and we cooperate with all area nonprofit groups.

Some of our community partners are: The Homeless Youth Advisory Board, Coalition for the Homeless, Alltrade Property Management, Home of the Innocents, Family Scholar House and KY Cabinet for Health & Family Service.
